

CHICOPEE®

Quix® Pretreated Towels

Chicopee® True Confidence™

- Quix towels are ready to use, add 1 towel to 1 gallon of water to create the solution
- No complicated directions which can help minimize incorrect mixtures
- Quix Plus sanitizing towels create an EPA registered 200 ppm quaternary sanitizing solution
- Quix multipurpose cleaning towels create a grease cutting cleaning solution

CHICOPEE® Quix® Pretreated Towels

Confident Cleaning. Every Wipe. Every Time.

Chicopee's Quix® pretreated towels are perfect for cleaning and sanitizing where dispensing systems are inconvenient. Quix® can be used to clean and sanitize in foodservice establishments, schools, office buildings, cafeterias, industrial work spaces or any other area where sanitizing is a top priority. Each towel is pretreated with chemistry that creates a sanitizing solution when added to water.

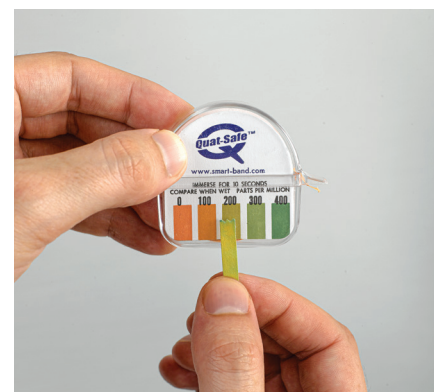

There are no complicated instructions, which can lead to incorrect mixtures. By making it easy to consistently achieve the proper sanitizing strength every time, you ensure your establishment maintains the highest standards of cleanliness.

A complete cleaning and or sanitizing solution in three easy steps

- 1 Measure 1 gallon of water into bucket
- 2 Add towel
- 3 Squeeze to activate

Built-in features

- Pretreated with cleaning or sanitizing solution
- Durable and absorbent
- To add more towels to the bucket, be sure to use Chix SC or Pro-Quat

Quix® Pretreated Plus Sanitizing

Add 1 towel to 1 gallon of water to create an EPA approved food surface contact sanitizer with 200 PPM active quaternary solution.

Quix® Pretreated Multipurpose Cleaning

Add 1 towel to 1 gallon of water to create a grease cutting multipurpose cleaning solution.
