

CHICOPEE®

Stretch 'n Dust

The hygienic and easy way to keep dust under control

Chicopee® True Confidence™

Dust and dirt build-up is inevitable on every kind of hard, smooth floor or surface. Not only unattractive, dust and dirt are unhygienic, and may be the cause of allergies or more serious health and safety problems. Stretch 'n Dust Floor and Surface wipes have several advantages over traditional cleaning cloths: they have superior dust and dirt pickup, they are environmentally friendly and they ensure a healthy way of cleaning.

Stretch 'n Dust

Strict standards on hygiene and cleanliness

Problems

- In many public areas it is not possible to use electronic cleaning tools during the day. This can make it difficult to keep dust and dirt under control
- Traditional cotton floor wipes and mops can contain dirt and contamination after laundering or rinsing, spreading dirt and bacteria onto the next surface and causing cross contamination

Solutions

- Thanks to the unique oil impregnation and stretch technology the floor wipes create a 3D structure to capture dust and dirt in the wipe so that it can easily be disposed of after use
- Disposable and therefore no risk of cross contamination, dust and dirt are thrown away

Article Number	Quality Level	Size cm (L x W)	Sheets Per Pack	Packs Per Case	Product Type
Oil					
73231	Economy	60 x 30cm	50	20	Flat Packed
